

STABILITY AND SECURITY IN THE AMERICAS

International Stability Operations Association
June 16, 2025

ABOUT US

ONE OF THE LARGEST PRIVATELY-HELD TECHNOLOGY AND SERVICES INTEGRATORS

OUR MISSION

SOSi's core mission is to promote and protect the interests of the U.S. and its allies around the world

OUR MOTTO

Our **Challenge Accepted** motto embodies our approach: we embrace complexity with confidence, delivering bold solutions with speed and accountability

CIVIL SOLUTIONS

SOSi delivers innovative solutions for human-centric emergency response operations, digitally powered case management, and modern healthcare services that protect lives, promote public welfare, and improve citizen outcomes. We facilitate client wellness and autonomy, enable effective communication across language and cultural barriers, and streamline administrative processes with the latest technology.

- Case Management and Administration
- Language, Culture, and Communication
- Healthcare and Wellness
- Contact Center Operations
- Emergency Response and Recovery
- Facilities Maintenance, Management, and Services
- Data Management and Integration

LOGISTICS

SOSi provides globally responsive, cost-effective logistics in semi-permissive and contested environments. We manage all supply classes in austere conditions, collaborating with customers to navigate challenges and reduce risks. Our services include supply chain management, procurement, transportation, maintenance, and security. We build storage facilities and partner with vendors to ensure efficient, uninterrupted mission support worldwide.

- Facilities Operations and Maintenance (O&M)
- Supply Chain Management
- Engineering, Procurement, and Construction Management
- Training and Advisory Services

DIGITAL INFRASTRUCTURE

SOSi provides multi-domain digital infrastructure for secure information access across classifications. As a certified CSfC integrator, we deploy Zero Trust security and cloud solutions, protecting classified data and enabling secure communications. We standardize operations, implement advanced security, and engineer cross-domain cloud systems for comprehensive network design.

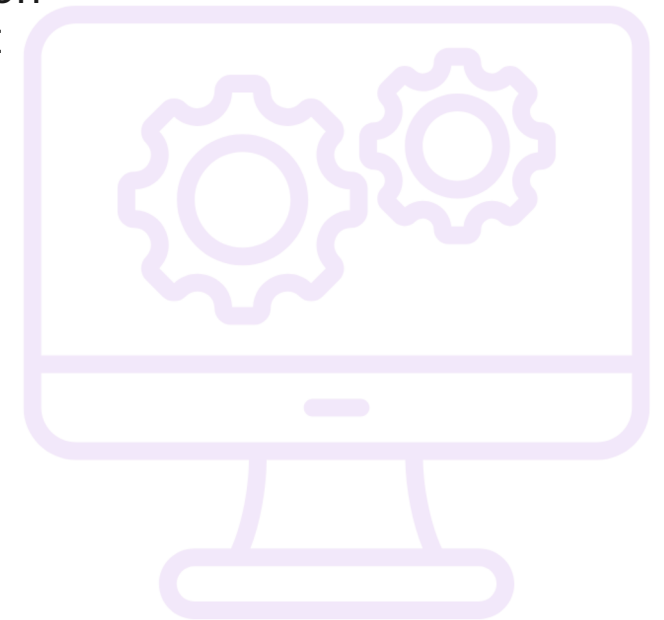

- Digital Modernization
- Network Operations
- Cloud
- Cyber

SOFTWARE

SOSi delivers tailored, cutting-edge software solutions using Agile processes and stakeholder collaboration. We modernize legacy systems with open-source and COTS technologies, employing DevSecOps for rapid, secure deployment. Our expertise spans diverse technologies, including AI/ML applications that enhance decision-making agility. We maximize outcomes through iterative development and fast feedback cycles.

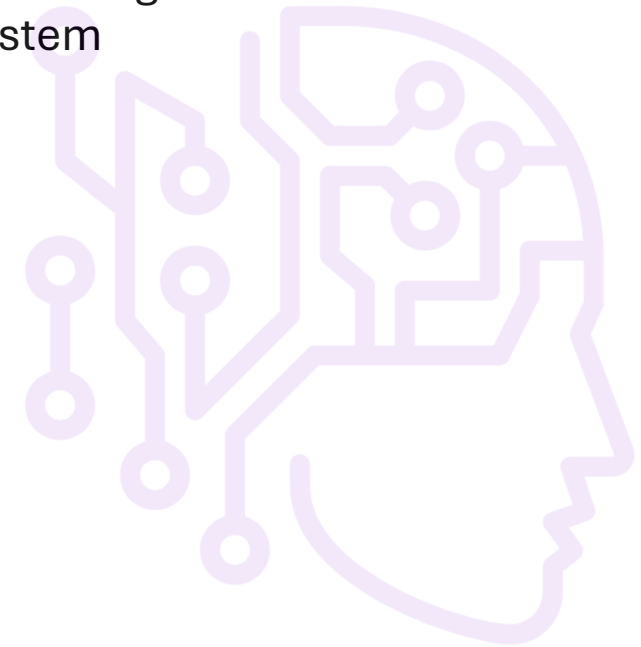

- DevSecOps
- Application Development
- Enterprise Resource Planning
- Data Science
- Artificial Intelligence/Machine Learning (AI/ML)

INTELLIGENCE

SOSi provides full-spectrum ISR solutions for information dominance, specializing in multi-discipline intelligence for military and national agencies. We excel in OSINT collection, including deep/dark web exploitation, FMV analysis, and remote sensing using OPIR, thermal, and SAR technologies. Our services encompass ISR system development, testing, and rapid deployment, plus intelligence analysis and operations training.

- Multi-Discipline Intelligence Planning, Collection, Targeting, and Analysis
- Information Operations
- Intelligence, Surveillance, and Reconnaissance (ISR) Systems, Technologies, and Programs
- Language Services

PARTNER WITH SOSI

Collaborate to Deliver Bold Solutions at Scale

SOSi welcomes strategic partnerships that align with our mission to protect U.S. interests and enhance stability worldwide. We actively seek partners who bring niche expertise, innovative technology, or mission-critical capabilities to complex operational environments.

Partnership Pathways:

- **Subcontracting & Teaming:** Collaborate with us on federal and state opportunities across humanitarian response, digital infrastructure, logistics, language access, and intelligence.
- **Small Business Engagements:** Connect through our Small Business Liaison Office to explore SB set-aside teaming, mentor-protégé programs, and innovation pilots.
- **International Capability Partners:** Expand SOSi's reach and capacity in contested or semi-permissive regions through regional logistics, healthcare, or operational support partnerships.
- **Joint Solutioning:** Work with our domain experts to build custom offerings that enhance mission impact across the civil, defense, and intelligence sectors.

THANK YOU
