

2025 ISOA Stability and Security in the Americas

June 16, 2025

COMPANY OVERVIEW

BUSINESS PROFILE

Founded in 2011, Matlock and Associates LLC is a certified 8(a) Economically Disadvantaged Woman-Owned Small Business (EDWOSB) with Top Secret Facility Clearance. Headquartered in Florida, we deliver and support agile, secure, and mission-critical IT solutions to government customers across CONUS and OCONUS.

Our proven track record includes supporting the Department of Defense, Department of Homeland Security, Department of State and the Intelligence Community directly as a prime contractor or as a subcontractor. We provide comprehensive support for programs and systems operating domestically within the continental United States and overseas operations.

As a GSA Stars III and GSA MAS contract holder, we bring streamlined procurement processes and proven acquisition vehicles to support our government clients' most critical missions. Our global reach and security clearance capabilities enable us to deliver solutions wherever our customers need them most.

Priority Sectors:

CORE SERVICES & SOLUTIONS
