

Partnering to Overcome Complex Challenges

J. Scott Murray

Amentum Corporate Growth
Director, Enterprise Solutions

Advancing the Future Together

Amentum is a global leader in advanced engineering and innovative technology solutions, trusted by the United States and its allies to address their most significant and complex challenges in science, security and sustainability. Our people apply undaunted curiosity, relentless ambition and boundless imagination to challenge convention and drive progress.

Our Mission

Bringing advanced engineering and technology solutions to the most significant challenges in science, security and sustainability.

Our Vision

Creating a secure and vibrant future.

Our Values

- We realize breakthroughs by continuously reinventing
- We deliver on missions by meeting every commitment
- We take on challenges with courage
- We embrace collaboration & employee engagement
- We believe safety and well-being are integral to success

Uniquely Positioned to Solve the World's most Important Challenges

Amentum: The Superior Choice for Contested Logistics Environment

Global Reach

Differentiated scale and highly skilled global workforce of 53K+ enable us to deliver the most important solutions to customers anywhere at any time

Deep Domain Engineering Expertise and Best-in-Class Technologies

Advanced engineering and innovative next-gen technology solutions to meet the most significant global challenges in science, security and sustainability

Culture of Collaboration and Performance Excellence

Passion to solve challenges combined over a century of history as our customers' trusted engineering and technical experts for their most critical missions

We embrace collaboration & employee engagement

We actively seek to learn from others, knowing that the most future-ready solutions are built from communities that respect and include the broadest range of perspectives.

We believe safety and well-being are integral to success

Physical and emotional security and development are fundamental principles that govern every Amentum workplace and underpin the commitments we make to our communities and planet.

We realize breakthroughs by continuously reinventing

We apply undaunted curiosity, relentless ambition and boundless imagination to challenge convention and drive progress.

We deliver on missions by meeting every commitment

We sweat the details, because success on even the largest projects requires consistently and ethically delivering on our promises with quality and integrity.

We take on challenges with courage

We willingly lean into challenges with the confidence of previous success and with the conviction that, together we can conquer anything we face.

Capabilities that Deliver Mission Advantage

**Mission Modernization
& Sustainment**

**Space
Systems**

**Digital
Transformation**

**Sustainability
& Environment**

**Advanced
Energy**

**Data Analytics
& Cyber**

Driving Innovation and Operational Excellence

At Amentum, we are committed to our small business partners and their participation in our contracts. We understand the role such participation plays in our economy and the communities where we serve.

- We believe that these partnerships are critical to our success and the successful support of our customers' missions.
- The Amentum Small Business Office is designed to expand subcontracting opportunities for all small business concerns, including small disadvantaged, woman-owned, historically underutilized business zones, veteran-owned, and service-disabled veteran-owned.
- Amentum places a high priority on establishing effective small business relationships to complement our performance capabilities and ensure the highest level of support for our clients.

Selected Highlights and Awards

***2025 Military Friendly Supplier
Diversity Program – #1***

***2024 Champions of
Veteran Enterprise***

***2023 Best of the Best –
Top Supplier Diversity Programs***

***Authorized AbilityOne
distributor***

First Steps and Considerations

First Steps

- Enter your company's capabilities profile into the Supplier Management System
 - [Doing Business with Us](#) Select "Register to Do Business with Us"
- Be Thorough –
 - Think of it as your resume - what differentiates you from your competitors
 - Your information will be shared across the company
 - Supply Chain, Programs, Business Development
 - Contact the Amentum Small Business Program Office when you have entered your profile – if you have questions
 - Follow up
 - Build Relationships
 - Request to bid on the next opportunity

Considerations

- Know what you bring to the subcontracting/prime table
 - Capability, Capacity, Customer Past Performance, Opportunity Knowledge
 - If a SB set-aside, as the prime what are you looking for and how does Amentum fit that criteria
- Know and articulate the "win-win" for this relationship
 - How would a subcontract/prime partnership result in a contract win?
 - Is the opportunity of mutual interest? How? Why?
- Know and articulate your unique value
 - Customer
 - Prior experience, past performance, Patent
 - Capture information
 - Past performance/CPARS
 - Proposal support capability
 - OCONUS support/expertise/personnel
